## REPORT OF THE BOARD OF DIRECTORS

The Board of Directors presents its report and audited financial statements of the Company for the year ended 31 December 2010.

## **Principal activities**

The principal activities of the Company, which are unchanged from last year, are those of an investment holding company.

# Review of current position, future developments and significant risks

As at 31 December 2010 the Company had a loss for the year of €11.655 compared to loss for the year 2009 of €11.025, which relates mainly to administration expenses. The Board of Directors of the Company does not expect any significant changes in the activities of the Company for the foreseeable future.

The Company's principal risks or uncertainties are stated in note 3.

#### Results

The Company's results for the year are set out on page 5. The net loss for the year is carried forward.

### Share capital

There were no changes in the share capital of the Company during the year under review.

#### **Board of Directors**

The members of the Company's Board of Directors as at 31 December 2010 and at the date of this report are presented on page 1. All of them were members of the Board throughout the year ended 31 December 2010.

In accordance with the Company's Articles of Association all directors presently members of the Board continue in office.

There were no significant changes in the assignment of responsibilities and remuneration of the Board of Directors.

## Events after the reporting period

There were no material events after the reporting period, which have a bearig on the understanding of the financial statements.

#### **Independent Auditors**

The Independent Auditors, Ernst & Young Cyprus Limited, have expressed their willingness to continue in office and a resolution giving authority to the Board of Directors to fix their remuneration will be proposed at the Annual General Meeting.

By order of the Board of Directors,

Stelios Triantafyllides Director

Nicosia, 21 April 2013

## **Independent Auditor's Report**

# To the Members of Titan Cement Cyprus Limited

## Report on the Financial Statements

We have audited the financial statements of Titan Cement Cyprus Limited (the "Company") on pages 5 to 14 which comprise the statement of financial position as at 31 December 2010, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board of Directors' Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of the Cyprus Companies Law, Cap. 113, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements give a true and fair view of the financial position of Titan Cement Cyprus Limited as at 31 December 2010, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of the Cyprus Companies Law, Cap. 113.

## Report on Other Legal and Regulatory Requirements

Pursuant to the requirements of the Law of 2009 on Statutory Audits of Annual and Consolidated Accounts, we report the following:

- We have obtained all the information and explanations we considered necessary for the purposes of our audit.
- In our opinion, proper books of account have been kept by the Company.
- The Company's financial statements are in agreement with the books of account.
- In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Cyprus Companies Law, Cap. 113, in the manner so required.
- In our opinion, the information given in the report of the Board of Directors on page 2 is consistent with the financial statements.

## Other Matter

This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 34 of the Law of 2009 on Statutory Audits of Annual and Consolidated Accounts and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whose knowledge this report may come to.

Companies which do not distribute 70% of their profits after tax, as defined by the relevant tax law, within two years after the end of the relevant tax year, will be deemed to have distributed as dividends 70% of these profits. Special contribution for defence at 15% will be payable on such deemed dividends to the extent that the shareholders (companies and individuals) are Cyprus tax residents. The amount of deemed distribution is reduced by any actual dividends paid out of the profits of the relevant year at any time. This special contribution for defence is payable by the Company for the account of the shareholders. For the tax year 2008 there is no special defence contribution on deemed distribution.

## NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2010

### 1. Incorporation and principal activities

### Country of incorporation

The Company Titan Cement Cyprus Limited was incorporated in Cyprus on 31 May 2006 as a limited liability Company under the Cyprus Companies Law, Cap. 113. Its registered office is at 2-4 Arch. Makarios III Avenue, Capital Center, 9th Floor, CY-1065 Nicosia, Cyprus.

### **Principal activities**

The principal activities of the Company, which are unchanged from last year, are those of an investment holding company.

#### 2. Accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented in these financial statements unless otherwise stated.

#### Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and the requirements of the Cyprus Companies Law, Cap.113. The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgement in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

## Adoption of new and revised IFRSs

The accounting policies adopted are consistent with those of the previous financial year except as follows:

The Company has adopted all the new and amended IFRS and IFRIC interpretations that are effective as of 1 January 2010. The adoption did not have a material effect on the accounting policies of the Company.

At the date of approval of these financial statements, standards and interpretations were issued by the International Accounting Standards Board which were not yet effective. Some of them were adopted by the European Union and others not yet. The Board of Directors expects that the adoption of these accounting standards in future periods will not have a material effect on the financial statements of the Company.

#### Revenue recognition

Revenues earned by the Company are recognised on the following bases:

#### Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

## NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2010

### 2. Accounting policies (continued)

#### Foreign currency translation

(1) Functional and presentation currency

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Euro (€), which is the Company's functional and presentation currency.

(2) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

### Tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the taxation authorities, using the tax rates and laws that have been enacted, or substantively enacted, by the reporting date.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Currently enacted tax rates are used in the determination of deferred tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same fiscal authority.

## Cash and cash equivalents

Cash and short term deposits in the statement of financial position comprise cash at banks and in hand and short term deposits with an original maturity of three months or less.

#### Share capital

Ordinary shares are classified as equity.

#### **Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Where the Company expects a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

## Receivables from/payables to related parties

Receivables from/payables to related parties are stated at their transacted values as they are on demand. Management believes that their fair value is not materially different from their transacted values.

#### Comparatives

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

# NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2010

## 3. Financial risk management

#### Financial risk factors

The Company is exposed to liquidity risk and capital risk management arising from the financial instruments it holds. The risk management policies employed by the Company to manage these risks are discussed below:

## 3.1 Liquidity risk

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Company has procedures with the object of minimising such losses such as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

The following tables detail the Company's remaining contractual maturity for its financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

31 December 2010	Carrying	3 months or
	amounts	less
Trade and other novelles	€	€
Trade and other payables	4,544	4,544
	4,544	4,544
31 December 2009		
	Carrying	3 months or
	amounts	less
Trade and other payables	€	€
reduce and other payables	5,177	5,177
	5,172	5,177

## 3.2 Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Company's overall strategy remains unchanged from last year.

#### Fair value estimation

The fair values of the Company's financial assets and liabilities approximate their carrying amounts at the reporting date.

# 4. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

## NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2010

## 4. Critical accounting estimates and judgements (continued)

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

## Income taxes

Significant judgement is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

In Management's opinion, the Company is in substantial compliance with the tax laws governing its operations. However the risk remains that the relevant authorities could take differing positions with regard to interpretative issues and the effect could be significant. The Company met the tax filing in Cyprus. To the best of Management's knowledge, no breaches of tax law have occurred. Thus, the Company has not recorded any provision for potential impact of any such breaches as at 31 December 2010.
